

GREAT PATRIOTIC CELEBRATION MT. STERLING, MONDAY, OCT. 7

This Will Be One of the Greatest Days In the History of Mt. Sterling and Large Crowds are Expected From Many Miles. The Great Lakes Naval Band Will Be Here the Entire Day and Will Be One of the Features as Will Also the Monster Parade Which Promises To Be a Huge Success.

Saturday afternoon a mass meeting was held at the Court House to form plans to arouse the interest of the community in the sale of the Fourth Liberty Loan Bonds and to arrange for the big Patriotic Celebration to be held Monday October 7th. Mr. John G. Winn, County Chairman of the Fourth Liberty Loan, presided and general plans were mapped out for the drive and the celebration which will be one of the biggest events ever held in Mt. Sterling. Soliciting committees were appointed in each ward and a chairman named for each committee. The apportionment system will be used and every citizen in the county will be apportioned what it is thought he is able to subscribe. The committees are expected to get busy within the next few days and it is hoped they will be gladly received and heartily co-operated with.

\$364,750 Is Our Quota

In the Fourth Liberty Loan. We must all lend until it hurts and again make the entire country proud of Montgomery County. Every loan so far has been over-subscribed in this county and we MUST go over the top with this loan. WE CAN! WE WILL!

The following committee was appointed to arrange for the parade feature of the celebration.—Hon. W. R. McKee, A. B. Oldham, G. C. Eastin, G. H. Strother, Clay Cooper, S. S. Pinney, Jesse Wren and S. C. Sharp. This committee and other patriotic citizens met Sunday afternoon in the Police Court Room, elected Mr. S. C. Sharp, Chairman of the committee and formulated plans for the parade. Lack of space prevents us from giving full details of this monstrous affair which will be THE BIG DAY in Mt. Sterling and will make the Kaiser sit up and take notice.

One of the main features of this parade will be the music furnished by the celebrated Great Lakes Naval Band, composed of sixty musicians, which is touring the country in the interest of the Fourth Liberty Loan. The next and by far the most important part of the parade will be the unit composed of the War Mothers of Montgomery County. Too much cannot be said in behalf of these mothers of the boys who are pushing the Huns toward Berlin and making the world safe for democracy. Mrs. A. B. Oldham is Chairman of the committee with Mrs. J. A. VanSant, Mrs. Mary Winn Lockridge, Mrs. John Winn, Mrs. E. T. Reis, and Mrs. Mattie Coleman to assist in notifying all the War Mothers to be in this grand spectacle. Who can watch these mothers marching through the streets with their service flags and buttons, their hearts with their boys "Over There" and refuse to back up the Government and the boys with every cent they can possibly spare?

The Red Cross Unit will be out in full force wearing the uniform that makes "the best dressed women in the world" and in this section will be several floats showing the work of the Red Cross. This alone will be worth coming miles to see.

The National Council of Defense will be represented by its members riding in elaborately decorated automobiles.

The Post Office employees, Government employees, city and county officials will all turn out and march in this great parade.

The school children of the city school, county high school, Mrs. J. W. Prewitt's school, county schools and the colored school will march in the parade, each child carrying an

American Flag. Each class will also have banners etc.

The Fire Department will form part of this parade, with all the various equipment and all the men belonging to same.

Mr. John G. Winn, who has given his time, efforts and influence in the Liberty Loan drives and other war activities, will be at the head of all the Precinct Chairmen and their workers.

The Surgical Dressing Unit will have floats showing their work, the Knitting Unit will have a large float with one of the latest knitting machines in action also several hand knitters, and the Belgium Relief Society will have several floats. This will make one of the most interesting features of the parade and will be second in interest to anything that has ever been in this city—the War Trophy Train which was in this city Monday.

Every child in Montgomery county that has a pony or that can borrow one will be in the Pony Section of the parade, with the buggies decorated with flags and bunting.

The Union and Confederate veterans will form a very important part of this parade and as they pass along the streets in their uniforms the pocket books of many will open up and buy bonds.

Every owner of an automobile truck in the city has donated same for the parade and the floats will be arranged on these trucks. Every automobile in the county will be decorated and be in line.

Prof. Adams of the colored school, has charge of the colored parade arrangements and they will not leave anything undone to make their part of the parade make a good showing. The colored Red Cross will also have floats and Prof. Adams has a great surprise in store in the way of novel entertainment feature. Be sure to see this part of the procession.

Every man, woman and child in this and surrounding counties is urged to be present on this day, Monday, October 7th. THE BIG DAY in Mt. Sterling. The parade will form on North Maysville Street at 9:30 A. M. and will march through the principal parts of the city. Make your plans to be present. Come to Mt. Sterling, bring your dinner and have one BIG DAY.

MR. RASSENFOSS NOT DISLOYAL

Say, Daughters in Public Car in Answer to Mr. McNeal's Charge of Last Week

Last week, we published an article in which Mr. J. C. McNeal charged Mr. George Rassenfoss, in substance with refusing to feed some drafted men in his restaurant in this city. As shown by the article, we did not claim to have any personal knowledge of the facts. Mr. Rassenfoss has written us a personal letter in which he attaches no blame to us for the article and asks us to reproduce a card of explanation from his daughters, who were in charge of the restaurant at the time. We have no desire to do any citizen an injustice, hence gladly give the card the same prominence the McNeal article was given, in order that the public may have both sides for consideration.

The card follows:
We, the daughters of George Rassenfoss, deny the statement published in The Advocate of last week that this restaurant failed to honor Government Meal Order Slips. The facts in the case are these:

On Wednesday, September 18th, five future soldiers from Menifee county came into our restaurant and presented Government Slips and stated that they desired something to eat. They were told they must be in the wrong place as Mrs. Lewis Howard had been feeding the soldier boys and for them to go back to the depot and ask Mr. McNeal if they had not gone to the wrong place. This was the last we heard of the affair for two hours when Mr. McNeal came and asked us, why we had failed to honor the slips. We told him just what had happened and he left the restaurant.

We emphatically deny the statement we are reported to have made that "We don't do that kind of business." All the above happened while both our father and mother were out of the city, and if any wrong was committed, we are willing to assume the responsibility, as the business had been left in our charge.

MRS. KATHERINE R. LYONS,
MRS. J. RICHARD MILLER,
Daughters of Geo. Rassenfoss.

UNCLE TOM PIERRATT DIES

The many friends of Mr. A. T. Pieratt, familiarly known as "Uncle Tom," were grieved to learn of his death which occurred at Kiddleville, last Wednesday. Mr. Pieratt had been a prominent merchant at Kiddleville for a long number of years and was 79 years old. He is survived by one daughter, Mrs. J. K. Lockhart, of this city, and one son, Mr. E. Frank Pieratt, of Kiddleville, besides many other relatives. The funeral, conducted by Rev. D. G. Combs, was held at the Kiddleville Baptist Church Thursday afternoon, with burial in Macphelah Cemetery. Mr. Pieratt was a highly respected and well thought of citizen and has many friends to mourn his death.

GOES TO WASHINGTON

Mr. H. H. Coppage has sold his interest in the well known firm of Coppage & Mason, dealers in coal and feed, to his partner, Mr. Will H. Mason, and has accepted a splendid position with the Bureau of Printing and Engraving at Washington, D. C. Mr. Coppage is an expert engraver and has many friends in this city who, while regretting to see him leave Mt. Sterling, wish him success at the Nation's Capital. Mr. and Mrs. Coppage will leave Wednesday for their new home.

DR. HORTON OPERATED ON

Dr. G. M. Horton was rushed to Lexington Sunday where he was successfully operated upon for appendicitis at St. Josephs Hospital by Dr. McKee, assisted by Dr. P. K. McKenna. At last reports Dr. Horton was getting along as well as could be expected.

BULGARIA NOW OUT OF WAR

All Conditions Imposed By Allies Are Accepted After Many Bitter Defeats

Bulgaria is now out of the war, having accepted the terms of the armistice offered by the Allies. The terms of the armistice are as follows:

The armistice concluded with Bulgaria by the Entente Allies is a purely military convention and contains no provisions of a political character.

Bulgaria agrees to evacuate all the territory she now occupies in Greece and Serbia, to demobilize her army immediately, and surrender all means of transport to the Allies.

Bulgaria also will surrender her boats and control of navigation on the Danube and concede to the Allies free passage through Bulgaria for the development of military operations.

All Bulgarian arms and ammunition are to be stored under the control of the Allies, to whom is conceded the right to occupy all important strategic points.

The Associated Press learn that the military occupation of Bulgaria will be entrusted to British, French and Italian forces and the evacuated portions of Greece and Serbia respectively to Greek and Serbian troops.

The armistice means a complete military surrender and Bulgaria ceases to be a belligerent.

All question of territorial re-arrangement in the Balkans was purposely omitted from the convention.

The Allies made no stipulation concerning King Ferdinand, his position being considered an internal matter, one for the Bulgarians themselves to deal with.

The Allies are having wonderful success, the French British and American and Belgian troops in the last three days have captured 40,000 prisoners and 300 guns it is estimated. Since July 18th, the Allies have captured 200,000 prisoners, 3,000 guns, 20,000 machine guns and enormous quantities of material. This does not include the operations in Macedonia and Palestine.

Since Friday the entire department of the Somme has been liberated from the German invaders. In the last three days part of the department of the Ardennes has passed into French hands for the first time since 1914.

ON THE MOVE

Mr. and Mrs. Allen Prewitt have recently moved into the house on N. Maysville Street which they purchased from Mrs. Lou Barnes. Mr. and Mrs. Prewitt have made many improvements and the house is now quite a modern one.

Dr. and Mrs. G. N. Cox and family have moved to the rooms vacated by Mr. and Mrs. Allen Prewitt at the home of Mrs. John Scott on Maysville Street.

Mr. and Mrs. Oliver Howell will move from Holt Avenue to their beautiful new home on High Street this week.

HAVE SPANISH INFLUENZA

Several of our boys stationed in the various soldier camps are suffering with Spanish influenza. From the best information we can secure the following are so afflicted: Clifton McCormick, J. Carroll Kelly, J. Hastie and Sam Chenault. Relatives here today received word that Sam Chenault is recovering rapidly.

BUYS NICE RESIDENCE

Mr. and Mrs. Harve Knox have bought of Mrs. Lou Barnes her two-story brick residence on the corner of High Sycamore streets. The house will be remodeled and made modern in every particular, and possession will be given within the next few weeks.

Mr. and Mrs. W. H. Holley, of the Camargo neighborhood, have received the announcement that their son Vernon, who has been stationed at Long Island for some time, has arrived safely overseas.

LETTER FROM M. M. LOGAN

STATE TAX COMMISSION OF KENTUCKY

Frankfort

September 25, 1918.

Advocate Publishing Company,

Mt. Sterling, Ky.

Gentlemen:

My attention has been called to a number of editorials of late in which you attack the Chairman of the State Tax Commission.

The Chairman of the State Tax Commission is not at all offended at your attacks, and would pass them by unnoticed were it not for the fact that you seem to be unadvised as to the facts. I always assume that any newspaper desires to publish the truth rather than an error if it knows the truth.

You complain that the taxpayers of Montgomery County have been required to pay much more taxes than they have heretofore paid. Your statement is condemned by the record. In 1917 the taxpayers of Mont-

gomery County paid to the State of Kentucky \$41,317.45, exclusive of the tax on bank shares. Under the new tax law for the present year the taxpayers of Montgomery County will pay to the State of Kentucky, exclusive of bank shares, \$39,629.78. You will thus see that notwithstanding the increase in the assessed valuation of property the taxes collected by the State are materially less than were collected last year, and I believe that you fully appreciate the fact that all governmental expenses have increased very materially within the last year.

It necessarily follows that if the taxpayers of Montgomery County pay more taxes than in the past that the county receives the full benefit of it, and if the county did not need the taxes it was comparatively an easy matter for the fiscal court to reduce the tax rate. You will thus see that the new tax laws are not responsible for any increases in taxes, and that the State of Kentucky is collecting less taxes this

year than in the past from Montgomery County.

I think you owe it to the taxpayers of the county to give publicity to this statement, but if you do not care to do so, in justice to the new tax laws, I feel that it will be necessary to find some other way to acquaint the taxpayers with the fact that the State of Kentucky is collecting much less money in taxes under the new law from Montgomery County for the support of the State than it collected last year.

While I would prefer to have the good opinion of all men, it is more than any public servant can expect, and so far as your criticism of me personally is concerned I certainly have no right to complain at any opinion which you desire to express, so long as it is a personal opinion only.

Assuring you that I am writing this letter for no purpose other than to set you right, I beg to remain,

Yours very truly,

Chairman. M. M. LOGAN,

A NICE COMPLIMENT

The following letter was received last week by Prof. G. W. Adams and is quite a compliment to the efficiency of the local colored school:

Mt. Sterling, Ky., Sept. 26, 1918.

Prof. Geo. W. Adams,

Mt. Sterling, Ky.

Dear Professor:

I take this opportunity of expressing a word of appreciation of the work you are doing among the children of this city as it is certainly reflected in the conduct of the children.

Yesterday when the little folks attended the Liberty Theatre I had an excellent opportunity to observe the deportment of your charges and it is with some pleasure that I can say: my work has brought me in touch with many bodies of school children, but never have I come in contact with such a well disciplined and all around well behaved children as those of your school.

With best wishes, I am yours,

R. J. MORRIS.

A GOOD FRIEND

A good friend stands by you when in need. Mt. Sterling people tell how Doan's Kidney Pills have stood the test. Nanie Trimble, of 10 Jamison St., Mt. Sterling, endorsed Doan's nine years ago and again confirms the story. Could you ask for more convincing testimony?

"Last fall I was hardly able to stand on my feet to do my housework," says Nanie Trimble. "I suffered from an almost constant pain in my left side and a dull, heavy, bearing-down feeling through my hips and across my kidneys. The way my kidneys were acting caused me a lot of distress. My hands and limbs swelled and I was nervous, tired and sick all the time until I used Doan's Kidney Pills. This medicine greatly benefitted me and I soon felt like a different person." (Statement given February 24, 1908.)

On January 6, 1917, Nanie Trimble said: "I am always glad to praise Doan's Kidney Pills. They have helped me wonderfully and when I have any sign of kidney trouble they have never failed to give me relief." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

BUY LIBERTY BONDS MAY COMMISSION MEN IN RANKS

A board of officers will be appointed at Camp Zachary Taylor to determine the fitness of soldiers in the 159th. Depot Brigade for immediate appointment to the rank of Second Lieutenants in the infantry or cavalry. Every man in the Depot Brigade is given the opportunity of qualifying, and the board will convene at the earliest possible date.

The enlisted men of the brigade are eligible to the appointment from the ages of 18 to 45, inclusive. Special care is to be used by the officers in charge of selecting the new officers in appointment under 21 years of age. The soldiers who come up to the requirements of the board will not attend an officers' training school, but will be awarded their Lieutenant's bars immediately.

Recommendations will go through military channels. Officers in command of various companies or organizations will submit the names of such enlisted men as they think capable of being a commissioned officer.

BUY LIBERTY BONDS On A Cash Basis

Beginning October 1st. I will do a strictly cash business and will run no charge accounts whatever. Owing to the high cost of material, labor, etc., we are forced to this action, so please do not ask credit as you will be refused.

WHY MUST I USE ONLY TWO POUNDS OF SUGAR A MONTH?

Following are seven whys for short supplies of sugar.

1. Our great war program has reduced our sugar-carrying fleet.
2. The sugar requirements of our overseas Army are very large
3. Our own sugar crop is less than we expected.
4. The small island, Cuba, must feed the world with sugar.
5. We have diverted 50,000 tons of sugar shipping in order that Belgium should have food.
6. Germans have destroyed sugar-beet fields and factories in northern France and Italy.
7. More than 50,000,000 pounds of sugar have been sunk off our shores by German submarines.

LITTLE LESSONS IN FINANCE

Thousands of Americans experienced their first lesson in finance when they made their initial purchases of Liberty Bonds. To most of them a bond was a mystery, something sinister that smacked of frenzied finance and the seats of Mammon. Something of which they were doubtful and not a little afraid. To them, ordinarily, the last thing on earth in which they would think of investing.

But at close range it lost this forbidding aspect. It was pleasing to the eye, yellow-backed and crinkly as a new ten spot, curlicued and frescoed with all the embellishments of the engraver's art, and above all it bore the indorsement of the nation.

Mostly those who bought one of the earlier issues bought another later on. So the education of the masses began. But it didn't end there.

Soon came along the sharper with his plausible stories or greater returns from industrial investment, from the development of natural resources, from the making of war munitions and the thousand and one things necessary in time like these.

And he traded them gaily colored and equally highly illuminated certificates of stock in wild-cat companies

and fly-by-night ventures in exchange for their Liberty Bonds. And right speedily these certificates proved to be worthless and the promoters vanished into thin air. And this was the end of the second lesson.

Now the Liberty Bond investor is taking his third degree. He is learning to hold on to his Liberty Bond like a hound pup to a hot batter cake. He is finding out that nothing on earth is a better investment, a safer buy, a more certain interest producer than a Liberty Bond—Uncle Sam's promise to pay.

And when he has learned this lesson letter perfect, and abides by it, he will be doing Uncle Sam a service second only to his original act of purchase. For the longer one holds to his bond the better it will become, the less liable it will be to sell at a discount in the marts of Mammon, the greater will be its value.

And all these are lessons which Liberty Bond buyers will do well to ponder.

The Human Factors In Good Service

There are three parties to every telephone conversation—the party calling, the trained operator, and the party who answers. All three share alike the responsibility for quick and accurate telephone service.

The calling party should give the correct number in a distinct voice, speaking directly into the transmitter, and wait at the telephone until the party answers or the operator reports. The called party should answer promptly.

Patience on the part of the telephone user and the telephone operator is also essential to good service.

SOLDIER LETTERS

Camp Hancock, Ga.
Co. 63, M. T. D.

September 16, 1918.

Miss Lizzie Carpenter,
Mt. Sterling, Ky.

Dear Sister:

Received your letter some time ago and was glad to hear from you all, also received the package and was awfully glad to get it; was just about out, but had a friend to give me a piece. Anna sent me a nice box of tobacco the same time and got them both the same day. I think I have enough to last me for some time.

I went to church last night and what a time I did have. I introduced myself to a lady and asked her for her company home. She said it was O. K. so we started and walked about four miles and then I asked her how much farther it was; she said about three miles. It was sure some walking, but don't you forget I had a nice time. She said she was coming back again Saturday night; wanted me to come back to church, but don't think I will go. I like the girl all right, but don't like the walk. These Georgia girls don't hardly know what a horse is. They have good preaching.

I had a pay day the 6th. They paid me \$23; haven't had a chance to get a money order for I am 12 miles from a town and I don't want to send it any other way, so just as soon as I get to town I want to send it home.

How is Will? I sure would love to see him. Tell him he would have to laugh to see me going through those brushy roads with that big girl. She is as large as I don't know who and 20 years old and as pretty as thunder. Well I guess I had better ring off that subject.

I was sorry to hear of Mr. Hamilton's death. Hope they can get some one to fill his place. Guess they are getting along fine cutting tobacco. You know my knife that I sent back home; you give it to papa. I guess his is about worn out. I am going to send mama something when I get to town. I don't know much news to write and I am in a hurry as they always take the Corporals out after supper and drill them by themselves. I don't know whether I am going to make good or not. I had a letter from Lottie Green the other day. How is Elmer and Blanch?

Will close for this time. Answer soon.

Your Brother,
WALTER CARPENTER.

Quantico, Va., Sept. 14, 1918.

Dear Mother:

I have been on the range a week today and can hit the bulls-eye nine times out of ten at six hundred yards. The first time I shot the gun I made 49 out of a possible 50. Here's where my practice with the little 22 three or four years ago comes in handy. Just as soon as Fred gets big enough to pull a trigger put a gun in his hands and let him learn to shoot.

We got a warm reception when our train passed through Baltimore. Several Red Cross Nurses came to the train with sandwiches, coffee, candy, cakes and cigarettes and gave everyone all they could carry. The Red Cross is a wonderful organization. They are doing more for the soldiers than anyone.

Has Conrad gone yet? This talk about the army being a hard life is all bosh. But still, any man with a yellow streak in him had better stay out, it's no place for him.

Today is Sunday and we are going to have "some feed." We have a real banquet every Sunday, ice cream, cake 'n everything.

It's about time for dinner so I must get busy. Write and tell me all the news.

Sincerely Yours,

"R."

P. S.—Where is Bealer? Tell him to write to me.

MR. LOGAN'S LETTER

In this issue we reproduce a letter from Mr. M. M. Logan, Chairman of the State Tax Commission. In it Mr. Logan rests his case on the total sum that will be paid the State this year as compared with last year. We have never discussed at any time, nor are we concerned, in totals. What we said before this Jesse James tax law was enacted, what we have repeated since and what we now reiterate is:

First: That this law, backed by the corporation lawyers and interests of the State, shifts, in the main, the burden of taxation from personality to realty.

Second: That Mr. James T. Barnes, our former Assessor raised our assessment last year over two millions of dollars under pressure from Mr. M. M. Logan. That notwithstanding this increase and the promise of Mr. R. L. Greene, another member of the Commission and Mr. Ben Marshall, its clerk, in a public meeting here, that an increase of twenty per cent. would be satisfactory to the Commission, another million was added by the Commission, making over three million in all and the promise absolutely ignored.

Third: That Mr. H. F. Howell, our County Tax Commissioner and Deputies, at Mr. Logan's suggestion, are this year requiring another twenty per cent. increase on farm lands and ten per cent. on city lots.

We further assert that it is the purpose of the Frankfort gang to constantly increase valuations, so that ultimately very much more will be paid by landowners than now.

For these and other reasons, the elimination of Mr. Logan by the quick acceptance of his resignation cannot possibly hurt Montgomery County, and again we say "Exit Mr. Logan" and the sooner the better.

Put your dollars behind those brave ten thousand red-blooded Americans we are landing in France every day, by buying War Savings Stamps and Liberty Bonds until it hurts.

WARNING TO EMPLOYERS

Due to the scarcity of labor in this community, it is reported that children are being employed contrary to the provisions of the Kentucky Statutes. The law especially provides that "No children under fourteen years of age shall be employed in any business or service whatever during any period of the term during which the public schools of the districts are in session," and it further provides that "No children between the ages of fourteen and sixteen years shall be employed unless the person or corporation employing them procures employment certificates, as required by law.

The penalty provided by law is a fine for any parent or guardian who permits the children to be employed, also a fine for the employer for such a charge after notification by an officer.

Employment certificates may be issued only by the local superintendent of schools or by the person authorized by him in writing, acting in his name.

BIG LAND DEAL

Messrs. J. F. Richardson and B. Frank Perry have sold the Cowan farm in Clark County, recently bought by them, to Mr. O. S. Sanderson of this city. The terms of sale are not made public, but it is understood a nice profit was realized by Messrs. Richardson and Perry.

MISSION CIRCLE ORGANIZED

The younger married ladies and girls of the Christian Church met at the Church last Wednesday afternoon and organized a Mission Circle. Miss Catherine Hadden was elected President; Mrs. J. W. Hedden, Jr., Vice President, Frances Hazelrigg, Secretary; Mrs. H. B. Turner, Treasurer and Miss Fanny Maybeth Pinney, Literary Secretary. Twenty-one members have already been enrolled.

The circle will have a meeting the first Wednesday in each month and much good is hoped to be accomplished.

THE LEXINGTON TROTS

The meeting of the annual Fall Trots is now going on in Lexington and large crowds from this city will be in attendance each day. The program has been well filled and is one of the very best ever offered by the association. The feature of today's card was the Kentucky Futurity and on Thursday the noted Transylvania will be trotted. A splendid program is offered for each and every day and the Trots this fall promise to be a huge success.

DEMOCRATIC CHAIRMAN

Mr. A. Sidney Johnson has been named as Democratic Campaign Chairman for Montgomery County, to have charge of the local campaign this fall. Mr. Johnson will at once select his assistants and wage a vigorous campaign and being well qualified for the place. His selection will meet with general approval among the Democrats of Montgomery County.

WILL SPEAK HERE

Dr. I. A. Shirley, of Winchester, will address the Montgomery County Medical Association in this city Tuesday night, October 8th. His subject will be "The Medical Reserve." Several visiting physicians are also expected and it is hoped that all Montgomery County doctors will attend the meeting which will be held in the office of Dr. J. A. Shirley.

BIG DAY MONDAY

The merchants of our city report that Monday was an especially good day for them as thousands of visitors from this and other counties adjoining, that had come here to see the trophy train spent their spare time shopping.

The Junior Department of the Woman's History Club will have a business meeting at the Club Room Saturday afternoon at three o'clock. All members are urged to be present.

Mr. Neale Cox has been accepted as a member of the U. S. Marines and will leave about October 1st. for Paris Island, S. C.

COLORED NOTES

Misses Gertrude Hamilton, of Sharpsburg; Stella Magowan and Malinda Judy, of this city, left Tuesday for Lincoln Institute where they will resume their studies in the Normal Department.

Mr. Byron Bowen recently received his classification card placing him in Class 1A and is highly elated over the fact. Mr. Bowen is the Porter at the Advocate Publishing Co.

Messrs. Langston Bate, of Cincinnati, O., and Charlie Roberts, of Danville, Ill., were the pleasant guests of Miss Fannie Mae Botts last Sunday.

Miss Jeanette Reeves, of Winchester, spent Sunday with Miss Roberta Hammonds.

Messrs. Otis Smith and Clifton Prewitt, of Detroit, Mich., spent a few days here last week.

Miss Claudia Settles is the Montgomery County Agent for the Standard Life Insurance Company. Any one wishing to take out a policy in this Company will be seen by her.

Mr. Ramey Hamilton returned last week from Washington City, where he took a special military training at Howard University. He passed the examinations and received his credentials to teach military tactics at Lincoln Institute of Kentucky, when he will graduate next year; if not called to the colors.

The colored pictures shown at the Liberty Theater last Wednesday and Thursday were greatly enjoyed by all who saw them. We are always proud to see our boys who are working for Uncle Sam.

Prof. Harris, of Louisville, who is working in the interest of the colored Y. M. C. A. visited our school last week.

Miss Lilly Bell Hes, of Salt Lick, is visiting her grandmother Mrs. Amanda Magowan.

Rev. W. H. Brown, who has been quite sick for the past week is much better.

The Moonlight School is growing rapidly. About thirty-five are enrolled at present and each one can read and write his own name.

A private dance was given last Thursday at Magowan's Hall by Mr. Dewey Mickens in honor of our boys who left Friday for Camp. Quite a large crowd was present and our boys had a jolly good time their last night at home. We all wish for them, good luck and hope they'll soon return.

SOLDIERS' LETTER
Somewhere in France,
August 4th, 1918.

Dear Father:
This lonesome Sunday and will drop you a few lines to let you know I am all O. K., hope this will find all the same. I am sure working hard since I have been here, but I am in a place now where you have to work out of it. Not a very big place where I am now, but expect to be at one larger soon. You can imagine where I am, in hearing distances of it now, but the way things are going, don't think it will be long until I will be back to the good old United States.

The women sure do work here; they do all the farm work. I was out chopping wood the other day and it gets pretty hot. We are staying in houses over here and it is much better than being in England and the people treat us much better. The French are certainly good people, have never learned to speak their language as yet.

I suppose you all had a good time at the Fair. I have never heard from Eldred yet. Wrote to him several days ago; have you all heard from him any more. I have had but one pay day since I have been here.

Tobacco is very scarce as we are issued but one sack each week. Well Dady, hope you have plenty to do; suppose you are through with the Anderson job. I guess you have the old shack finished by this time; hope it won't be long until I will be back to it. I will have to close for this time as it is about eating time for us. Love to all. Write and tell me all the news.

THOUSANDS OF PEOPLE HERE

People From This and Surrounding Counties Came Here Monday To See Trophy Train

The trophy train arrived in this city Monday morning at eleven o'clock and remained until two o'clock. During the entire time the train was here it was crowded with spectators, eager to see the trophies of war captured from the cruel Hun. Although the train was here several hours and the crowd was hurried through the train as fast as possible hundreds of people were unable to get to see the trophies. Early in the morning the city began filling up and by the time the train had arrived the streets were packed.

The most interesting of all the captured instruments of modern warfare was the German airplane and several cannon and trench mor-

tars. Great regret was expressed that the captured tank was not on the train, but for some reason it was impossible to get same on.

50 ACRE FARM

AT

PUBLIC AUCTION

As agent for L. W. Hackney, I will sell at public auction his 50 acre improved farm on

Thursday, Oct. 3, 1918

at 2 o'clock p. m.

The farm is located on the Howards Hill and Preston turnpike just over the Montgomery County line in Bath County, about 2½ miles east of Howards Mill.

The farm is improved with two dwellings of five rooms each, one tobacco barn 30x35, one stock barn 20x35 and other out-buildings.

The farm is well watered with two wells and one pond. This year the land was cultivated 25 acres in corn, 10 acres in oats, 15 acres in grass. Good wire fence, 400 yards to church, 1¼ miles to school. The crops to be sold same day of farm sale.

This farm will make a good home as it is located on the pike and close to town. Will be glad to show this farm at any time. For further particulars call on or write the undersigned.

Mr. and Mrs. Samuel Whitehead and little son left last week for Chattanooga, Tenn., where Mr. Whitehead has accepted a position as engraver for a large jewelry firm. Mr. and Mrs. Whitehead only expect to remain in Chattanooga during the winter months and will return to this city in the spring.

Residence Property For Sale

As representative of the property owners, I wish to announce, I have in my hands a most desirable residence property on Popular Street, the very best neighborhood, for sale. Has all conveniences. Unless sold within the next ten days, price will be advanced above that now fixed by owner.

For particulars call on or address J. W. Hedden, Sr., Winn Street, who will be pleased to take parties interested to see said property.

THE SICK

Mrs. Thomas G. Denton who has been a victim of whooping cough, is now getting along nicely.

Now on Cash Basis

Owing to the high prices of labor and materials and as we are compelled to pay cash for our supplies and accessories, we have placed our business on a strictly cash basis. All work must be paid for when completed and all supplies or parts for when delivered. Please save yourself the embarrassment of being refused credit by paying cash.

HANCOCK & McCARTY,
Garage, South Maysville Street.

CORRESPONDENCE

Stoops

Preparations are being made to sow another large wheat crop.

Tobacco housing will be completed this week.

Miss Maggie Lee Foley has been with her sister Mrs. Albert Norris at Sharpsburg.

Mrs. George O. Fassett went last week to see her husband, who is stationed at Camp Sheridan, Ala.

Mrs. Morton Sorrell and children visited relatives near Owingsville last week.

The Kaiser insists that "our people want a lasting peace." Well all signs point to them getting it.

Mr. Roy Byrd and little daughters Mary Ellen and Ethel Land, have returned from a visit to relatives near Lexington.

W. Keller Heaton, of Memphis, Tenn., is visiting his parents M. E. Heaton and wife.

Drew Satterfield, of Middletown, Ohio, was here last week to attend the funeral of Mrs. Martin Hollearn.

Mrs. Jason Stivers and Miss Wills, of Fayette County, were visitors here Sunday.

Friends here have been notified that Alfred Doyle, of Weston, Mo., who is in the service overseas, has been reported as "missing in action."

Alfred is the son of John M. Doyle and wife, who went from here to Weston about five years ago. Many friends here at his old home hope that he will turn up O. K.

The saddest deaths it has been our duty to chronicle in many years, is that of Mrs. Lorraine Piersall Hollearn and baby, that occurred Sunday, September 22, 1918. The baby died a short while after birth, and Mrs. Hollearn continued to grow worse until death relieved her.

We can see the happy young couple living in the joyous expectancy of the time when a star would appear to make brighter the pathway of life. But alas! the King of All, has decreed that another story shall be written. Mrs. Hollearn before marriage was Miss Lorraine Piersall, a daughter of Mrs. Thomas Satterfield and was born in Bath County twenty years ago. Three years ago she was married to Martin Hollearn. Deceased was an obedient daughter, a dutiful wife and the world is better by her having lived in it. She was a member of the Methodist Church and how it must have pleased the Master to call her into the fold. Funeral services were conducted, Tuesday, September 24, by Rev. J. L. West, and mother and babe were laid to rest in Machpelah cemetery. To the bereaved mother and heart-broken husband, we trust that the Divine Comforter will give them strength to bear their sorrows bravely.

Levee

People in this community are about thru housing tobacco.

Mr. and Mrs. Joe Douglas and Rev. and Mrs. George Douglas, of Henry County, spent a few days last week with their brothers at this place. Mrs. Julia West and son Kenny, of Richmond, Ky., spent a few days here last week visiting friends and relatives.

Mr. Preston Ewen and son Will, are visiting Royden Faulkner.

Mr. J. L. Faulkner sold a bunch of cattle to Mr. Gordon of Winchester, at a price of \$10 per hundred.

Mr. and Mrs. Floyd Wills and Miss Mina Conlee spent the week end with Mrs. Eddie Hainline.

Mrs. Thurs Bowen and daughter Eleanor, called on Mrs. J. L. Faulkner Sunday evening.

Mr. Wm. French has purchased a new buggy.

The young people went chestnut hunting Sunday afternoon; but, I think that few chestnuts were gathered.

Mrs. Lucy Bakers' condition is still serious.

Friends here were sorry to learn of the death of Lawrence Branham, son of Jim Branham.

A few from this place expect to attend the races at Lexington this week.

Miss Viola Kathryn Faulkner spent Thursday night with her grandparents Mr. and Mrs. Charles Douglas.

BIRTHS

To the wife of Mr. Omer White, on September 25, a little girl—Hattie J. White.

News has been received here that Rick P. Thomas, Ben and Russell Cox, members of the old First Kentucky Regiment, have sailed for overseas service. These boys have been in training at Hattiesburg, Miss., for several months.

INFLUENZA

An Advisory Proclamation by the State Board of Health:

Bowling Green, Ky.

September 29, 1918.

Whereas, Influenza, a highly infectious disease, in a severe fatal form, is wide spread in the Atlantic coast states, and, being caused only by the easily recognized Pfeiffer germ which is spread along lines of travel, and in communities and families, only by coughing and sneezing people who ought to be in bed or in their rooms, has been brought to Kentucky and, not being an officially quarantinable disease, threatens to and is likely to become a wide-spread epidemic in Kentucky unless the prompt and intelligent cooperation of the people can be secured in combating it, and,

Whereas, The precautions here advised, important as to coughs and colds, are made especially so in the emergency now upon us for the protection at all times of our soldiers with thousands being called to the colors by the selective draft to reach the camps within the next few weeks, as well as for farmers, industrial operatives and the noble women daily laboring for the support and comfort of our own and the allied armies, and,

Whereas, The control of this disease, if successful, must come from an educated public sentiment which will patriotically demand the voluntary and systematic isolation in his home or in a hospital during the prevalence of the disease in any community, of every person who is afflicted with cough and sneezing, and especially that such person shall not enter or remain in any public conveyance, picture shows, or other assembly until the disease is under control, and, that, therefore,

Be it resolved, That this Board, in the discharge of a manifest public duty and by virtue of authority vested in it by law, hereby urges that all patriotic people who show symptoms of this disease, promptly isolate themselves in their homes, for the protection of the public, and in their rooms for the protection of their families, and that a mask of two thicknesses of gauze or cheese cloth be worn over the mouth and nose where for any reason such isolation cannot be made complete; it advises people to keep away from all places of assembly in any community where the disease is prevailing; and if hereby expressly forbids public funerals for those dead of the disease and forbids itinerant shows of exhibits within the limits of this Commonwealth. If these precautions every kind from entering or making are demanded by public sentiment and systematically carried out by every family and community, there need be little cause for alarm, and the disease will soon be under control.

By authority of the Board
J. G. SOUTH,
President.

HISTORY CLUB MEETS

A delightful social meeting of the Woman's History Club was held at their rooms in the Masonic Temple Building last Friday afternoon and plans for the 1918-1919 season were perfected. A large crowd was present and a most enjoyable and profitable afternoon was had. During the hours a delightful luncheon was served. The program for the coming year will be of a patriotic nature and many interesting and instructive sessions are being looked forward to.

BABY DIES

The infant daughter of Mr. and Mrs. Hadden is a son of Mr. Mrs. Chas. Hadden died at their home in Jackson last Thursday. Mr. Hadden is a son of Mr. Rufus Hadden, of this county and has the deepest sympathy of many friends in his bereavement. His eldest son, Robert, is seriously ill of typhoid fever. Mr. Rufus Hadden and daughter, Mrs. Asa Kidd, of Clark county, attended the funeral.

PUBLIC SALE OF BLUEGRASS FARM

We the undersigned, owners, will sell at public outcry at the Court House door in Mt. Sterling, Kentucky, on

MONDAY, OCT. 21, 1918
County Court Day

At 1:30 o'clock in the afternoon, the farm known as the Harry Campbell place, lying 1 1/4 miles from the city of Mt. Sterling, on the Levee pike and broadside of the Lulbegrad pike.

This farm contains about

62 ACRES OF LAND

The land is limestone soil, easy to bring to after hard work and has as much natural strength as any farm in the county. There are about forty-two acres in grass, balance in corn and tobacco and notwithstanding the long drouth, the crops are good and show for themselves. There are now ready for tobacco probably twenty-five acres, and this land grows good color and quality. There is also a good garden, nice big yard and a considerable amount of fruit trees and grapes. The farm is well fenced, and is watered by pools and branch, with a good cistern at rear of the residence.

The improvements on the farm consist of a

Two Story Farm Residence

of four large airy rooms and closets, dining room, kitchen, and room over the kitchen. There is a large and commodious front porch and a large back porch. The house is in good condition, and with a little expenditure of money can be made one of the most desirable farm homes in the county.

There is a good barn containing fifteen stalls for stock, and room for some tobacco. This barn is under new roof and is in good shape, having been used as a dairy barn. There is also a good corn crib, poultry house, buggy and machinery sheds.

This farm is one of the most desirable tracts of land ever offered for sale in the county. It is on two good pikes, close to schools and churches, and just fifteen minutes drive or walk to the Chesapeake and Ohio railroad station and shipping point. It is situated in an excellent neighborhood, and being so close to the city is well adapted to and located for a dairy or truck farm. To buyers for a small farm or home the Campbell place offers a fine opportunity. Small farms are high and in much demand, and it will be to your interest to see this place before sale day.

Terms, one third cash, when deed is made and possession given, one third due and payable in one year, and one third due and payable in two years, deferred payments to bear six per cent interest and to be secured by lien on the land.

Seeding privilege will be granted, and full possession given March 1, 1919.

LETTER FROM "OVER THERE"

American Expeditionary Force,
France, September 7, 1918.

Dear Brother:

I thought as I had some spare time this P. M. I would write you just a few lines, although I have not heard from you since I wrote you last, but I am expecting to hear from you most any day. But I feel this way, the more I write you all the more I will hear from you, so I will write you any time I get the opportunity as I feel you cannot hear from me any too often, so you can imagine how I feel when I hear from you all. How is everything at home by this time. We have heard that Will, your brother, and good many of the boys have left for camp. I suppose the boys are very few there now. But we need them over here. We mean to sweep the Huns away and it takes the U. S. A. boys to do it. You would be surprised to see and know the great work America has done in such short while, even since I have been over here, but that is not half, we have the stuff over here; all we need now is the manpower and it is good-night to the Hun.

All the boys from home are well and are doing fine work. Cato had a letter from Lieut. Stanley Brown, he sent us his picture and told us a good many things that made us feel good. He also mentions that Ben Scott and the Coyle boys, as he had seen them. You might tell Mr. Tipton

that we see Rich Gossett every day. He is a corporal and is doing fine. Also had a letter from Leslie Burnham. I have written my nephew Rudolph but have never heard from him yet.

They have changed the old 8th. Illinois to the 370 Infantry. I wrote him at this address so I am expecting to hear from him any day.

Well Jim, there is not much news as you know we are busy. Seems that every man is doing his best, and that is what it takes tow in the victory. Chip had a letter from Stewart Sharp. I wrote him a card. We also had a letter from Mr. Harold Reis. Give my best regards to Mr. Clay and all my many white friends. Tell them I am not playing music now. I have never received the home paper from you yet. You must wake up and join the Army and do your bit. Does that 18 to 45 reach you? Tell Did I said don't worry, he will be in soon. Best regards to your mother and father. Tell them to say a prayer for me. Tell Dr. Johnson to write me. Remember me to all my friends. May God bless you all. I am your brother,

Most Noted Trotters and Pacers of America In Great Speed Contests Each Day

THE SCALES HAVE TIPPED, HOLD THEM

The fate of the world hung in the balance two months ago.

What was it to be—a chance for free countries to work out their own destinies in peace and liberty—or a hell of barbarous absolutism?

For days the scales hung trembling and uncertain, while that battle of soul against machinery waged on, with its terrible human sacrifice increasing.

Then the scales tipped with a jerk.

And the gods of humanity's future cried in joy and relief.

The forces of freedom, of democracy, of decency, had gained a foothold that made ultimate victory only a matter of hanging on, fighting on.

What did it?

All that magnificent Allied army, of course, and its courage, and the fact that its cause was right.

But there was one added element which had not been there before and without it, the scales might—no one knows.

That new factor was American guns!

American boys were there determined to turn the tide, and they did it. They died to do it. And they are going to keep on dying for their cause until the Hun is beaten so completely that the world will never live through such days again.

But without guns, without cold steel, and the best shells, their heroism would have gone for nothing.

This war is still on. Victory is sure now if we hang on. But that hanging on means fighting as doggedly and skillfully as it meant to tip those scales.

If you don't supply the money for more American guns, the boys will fight in vain next time. The weight will shift. This latest victory will be overturned.

By K. C. B.

In a little while,
As measured time
Goes by,
And years come on,
There'll be a day
When someone,
Out beyond the seas,
Will touch a peg;
And word will come
That war,
And killing men,
Has ceased;
And we will know
That somewhere,
Floating high,
White stars,
And bright red stripes,
Are looking down
On soldier boys
And victory;
And then,
In just a little while,
Those soldier boys
Will sing their way
Across the seas,
And here upon this avenue
We'll stand,
And looking down,
We'll see them come—
Bronzed veterans
And heroes all;
And we will cry,
And every tear
Will be a prayer
Of thankfulness
That they are home.
And we may cheer,
And every cheer
Will say to them
Our gratitude
For what they've done;
And on that day,
Right here,
Where we stand now,
There'll be a man,
Sal-eyed,
And shamed,
And he will hear,
But in his heart,
He'll know
He has no business here.
He'll be the man
Who never bought

VINOL MAKES CHILDREN STRONG

And Invigorates Old People

Any doctor will tell you that the ingredients of Vinol as printed below contain the elements needed to improve the health of delicate children and restore strength to old people.

By Cod Liver and Beef Peptones, Iron and Manganese Peptones, Iron and Ammonium Citrate, Lime and Soda Glycerophosphates, Casearia.

Those who have puny, ailing or run-down children or aged parents may prove this at our expense.

Besides the good it does children and the aged there is nothing like Vinol to restore strength and vitality to weak, nervous women and overworked, run-down men.

Try it. If you are not entirely satisfied, we will return your money without question; that proves our fairness and your protection. Millions of people have been convinced this way.

CROWDER DEFINES SLACKER WEDDINGS

New editions of revised selective service regulations issued by Provost Marshal General Crowder fix August 5 as the date from which draft boards shall disregard marriages of men who registered on September 12 as ground for exemption. The so-called slacker marriage provision says:

"The fact of dependency resulting from marriage of a registrant of the class of September, 1918, who has married since the date of the introduction in Congress of the act requiring his registration, to-wit, August 5, 1918, will be disregarded as a ground for deferred classification."

The new edition, containing redrafts of some provisions under the new man-power law, is issued as a guide to all draft boards, and incorporates a number of minor changes in procedure and methods, designed to facilitate their work, as well as provisions to make the wider exemption allowances workable.

MRS. WILLARD'S CASE BAFFLED SEVERAL SKILLED PHYSICIANS BUT VIN HEPATICA CURES HER

Mrs. Melissa Willard of Route No. 2, Milton, Tenn., for years an invalid, write a most remarkable story of her relief. She says:

I was simply an invalid for years, unable to do anything. Everything I ate would almost kill me. Was under treatment of several doctors for a number of years, but could get no relief until I began taking Vin Hepatica.

"I now eat things that I haven't been able to eat for years. Was so nervous and restless I hardly

slept at all. Now I rest well and am feeling better than I have felt for years, and I owe it all to Vin Hepatica. I am 68 years old."

Testimony like this comes in from every quarter. Vin Hepatica is a truly wonderful remedy composed of eight of the finest herbal remedies known to medical science. Come in and get a bottle and try it on our recommendation.

HOW TO SAVE ON TWO POUNDS OF SUGAR A MONTH

The following are seven ways for daily sugar saving.

1. Use fresh fruits without sugar.
2. Cook dried fruits without additional sugar; they already contain sugar.
3. Can more fruit without sugar; put up fewer jams and jellies.
4. Use less sugar in tea and coffee; you will soon learn to like it better.

5. Avoid such sugar luxuries as candy, cakes, chewing gum, sweet drinks and sodas.

6. Use honey, maple sugar and sirups and other sweeteners when available.

7. Cut out all deserts or other dishes that require much sugar.

DOES ADVERTISING PAY?

A recent report made by a prominent mercantile agency showed that eighty-five per cent of business failures throughout the country are among non-advertisers.

What a percentage! There are the cold, hard figures in black and white. They are not compiled for the selling talk of some advertising agency, but they should prove an edification to hundreds of sleeping business men who will insist that "advertising does not pay."

Advertising has developed into such a tremendous power in all branches of commercial life that the very word may well be called a synonym of success.

Many men who are now spending millions of dollars every year in advertising, started their career in the back room of a low-rent factory building. However, they were staunch believers in advertising, their faith in national publicity never wavered, and their success now verifies the truth of their convictions.

Notwithstanding the obvious power of advertising, there are still those who believe their is a certain mysterious adroitness about it, only known by a selected few—a secret something that is beyond their comprehension. Such an idea is without foundation. Advertising is merely a business force that anyone may apply by closely surveying the public wants and then convincing the buyer that you have the goods he needs.

Before advertising became the greatest selling force in use, all sales were made by personal solicitation. But how many customers can a salesman visit on an expenditure of ten dollars? About ten, to say the most. How many prospective buyers can you reach with ten dollars worth of postage stamps? After deducting a fair cost for the printing of your sales literature, we will say about seven hundred. Which system should bring the greater returns? We will place our money on the "advertising," and we will win ten times out of ten.

No, men would not pay \$5,000 for a one-page ad, one time in one periodical, if advertising didn't pay. neither would they pay \$2,000 in one day for postage stamps. Neither would they insist upon the best grade of paper for their catalogs, folders and letterheads—if resultant orders did not justify it. They have already proven the efficacy of this so-called "extravagance," and found it to be the most profitable investment at their command.

I AM THE LIBERTY BOND

I am the Liberty Bond!
I am the emblem of Freedom for all Humanity.

I protect the weaker nations and strengthen the strong.

I was born through the sacred duty of Honor—I represent the noblest purpose that was ever granted to Man.

I am a respecter of sacred treaties. I succor the oppressed and hold out a hand to the downtrodden and ravished.

I have come on this earth to destroy the Barbarian—the Vandal—the Hun. I shall conquer, for my cause is right and whatever is right is always right.

I am not dismayed by defeat. I increase with adversity. I grow with each blow I strike for Right. I shall prevail—though the way be dark and long. I am Truth, which can never fail.

Kings, Thrones, Emperors and Satraps shall tremble at my power. Little children and weaklings shall creep beneath my cloak and march with me to Victory. I am the vanguard of ehe things to be. I am the conqueror through Right and Kindness.

Out of the brains of Freemen I have sprung. Out of the loins of pioneers I have been born. I know no creed save Fair Play. I have no favorites save Right Doing. I toil and work and advance for the great cause of Democracy. I hold that the world can not be half slave and half free. I call on all men to strike for the rights of Man.

I am the final instrument for the Federation of the World. I shall live and grow and rule until my call is answered. I am imperishable and uncorruptable. I am a bludgeon to police this earth. I am the widow's mite which is given to the Just and the Children of God.

Saving Coal Saves Money

And Helps The Nation

There's a wealth of proof to show that your home may be thoroughly comfortable at a third or a half less fuel than you have been using. The Caloric Pipeless Furnace is a remarkable fuel conserver. Many say it saves half. Here is just one sample letter taken at random out of thousands which the manufacturers receive from pleased Caloric owners:

"I am heating very comfortably seven rooms and not using any more fuel than I did with a double heater, heating only two rooms.—S. P. SEIFERT."

The Original Patented Pipeless Furnace

Over fifty thousand homes, many of them in this state, have found this furnace the economical, common-sense method of keeping comfortable. They bought on a guarantee of real fuel saving and perfect satisfaction, and the Caloric made good.

One register delivers off the heat from the fuel directly into your living rooms and draws out the cold air, insuring an abundance of balmy, moist warmth right where you want it. The cellar is just right for the storage of perishable products.

The Caloric can be installed in a day. It is a triumph of engineering skill that embodies many patented features which have made it the leader and which are not found in imitations. Come in and see this wonderful furnace. We will tell you frankly whether it is adapted to your home. If we say it is, we will give you our personal guarantee that it will make good or we will take it out. Come in and talk it over.
